interns

1

bike repair
station

3kw

solar panels

200

water conserving
showerheads

countless

shared rides

and so much more...

LESSONS LEARNED

1. Student-led initiative key for our campus
2. Successful projects generally involved a collective partnership
3. Refine selection process to best determine successful project implementation
4. Require recognition of AGF for all projects
5. Develop comprehensive reporting requirements
